

**REMARKS**

Further to the Notice of Allowability mailed September 4, 2007, the Applicants have amended claim 26 and device claims 35-38 for greater clarity (correction of antecedents).

More specifically, the reference to "a first subset of data" has been replaced with "data" in claim 26 to agree with the language used in the independent claim upon which claim 26 depends. References to "first mobile device" have been amended to "mobile device" in the device claims 35-38 to agree with the previous reference to "mobile device" in the preamble of those claims. References to "a storage medium residing on a second computing device" in the device claims 35-38 have been amended to "the storage medium residing on the at least one remote computing device" to agree with the previous reference to the "at least one remote computing device on which a storage medium resides" in those claims.

This amendment is being filed before or with the payment of the issue fee.

Respectfully submitted,
